Ruled Empty Repetition

Case	Value	Count
A	ready	1
B		0
C	ready	1
C	ready	1

Empty cells are missing values. A zero is recorded data.

Repeated rows represent separate observations.

Borderless Empty Repetition

Case	Value	Count
A	ready	1
B		0
C	ready	1
C	ready	1

Empty cells are missing values. A zero is recorded data.

Repeated rows represent separate observations.

Merged Header

Readings		Status
Trial A	Trial B	
7	0	Pass
	5	Hold

Empty cells are missing values. A zero is recorded data.

Repeated rows represent separate observations.

Aligned Prose

1. Prepare the instrument.
2. Record the baseline.
3. Retain the units.
4. Load the specimen.
5. Record the sample.
6. Compare the readings.

Read the left column before the right column.

Ordinary Prose

Use values only when the instrument is calibrated.

A missing observation does not mean zero.

Keep repeated observations as separate evidence.
